**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

These big providers do not need an additional advantage to control internet traffic. I use Sonic for my internet service and it provides very good speed and access for my needs at a reasonable price. If the large providers can control the access to providers like Sonic they could make them less competitive. Keep the internet neutral so all providers have an equal stake in the service they provide.
